

SEVEN MILLIONS TO BE DECLARED FOR 4-MILL TAX

Approximately 1,000 residents of Adams County, owners of over \$7,000,000 worth of stocks, bonds, mortgage judgments, articles of agreement, etc., which are assessed for county personal property tax, are receiving the usual forms to make their returns. The returns are to be filed by January 15 at the Adams County Commissioners' office or with the local assessors.

This year a total of \$7,597,000 worth was declared and the county realized approximately \$30,390.00 from its four-mill tax. From all appearances the amount to be declared in 1957 should exceed that amount. In 1955 the amount declared was \$6,689,000.

The assessors throughout the county have received the 1957 personal property assessment supplies and are now in the process of the annual tax assessment.

Four-Mill Tax

Personal property tax is a four-mill tax on all mortgages, judgments, articles of agreement, conditional sales contracts, secured transactions, and on stocks and bonds of corporations not incorporated under the state laws of Pennsylvania. The securities of corporations located in Pennsylvania and incorporated under the laws of other states are taxable in Pennsylvania. In filing returns, the commissioners said, it is advisable to list all securities owned, whether considered taxable or not. The commissioners will assess only those securities made taxable under the law. Those in doubt as to whether or not certain stocks and bonds are taxable are asked to inquire at the commissioners' office at the Courthouse.

Personal property tax is a statewide tax assessed and collected by the county for the use of the county. This tax should not be confused with similar taxes in other states where furniture, automobiles, farming implements and machinery are assessed.

January 15 Deadline

Last day for filing personal property tax returns in Adams County is January 15. However the tax is not payable until July, when same is included with other taxes on notice sent by the local tax collector.

Every person, resident or domiciled in Adams County and every county partnership and unincorporated association located or doing business in this county, owning or holding any taxable personal property, is required each year to file a return with the local assessor or the county commissioners. Under the law, failure to file returns provides a penalty of five per cent plus six per cent interest for each year not exceeding five years.

Each year audits and investigations uncover several thousand dollars additional personal property tax due to errors and failure to file returns, which amounts are collected by the commissioners' office.

Taxpayers who have not received tax forms may obtain them from the local assessor or county commissioners' office. If any assistance is desired in filing returns, same may be obtained at the commissioners' office.

According to a telegram and telephone conversation with officials at Washington, Weaver learned that the Citizens for Eisenhower section of the inaugural parade, in which the Gettysburg High School Band will participate, will be the last section in the planned two-hour long procession.

In the Citizens for Eisenhower section will be a color guard, an "Eisenhower-Nixon Jeep," the Gettysburg High School Band, a helium filled barrage balloon, and concluding the section a 30-ton float which will have a replica of Independence Hall on its front, a replica of Fort Pitt on the rear and the center portion will be devoted to a replica of President Eisenhower's Gettysburg farm.

Plans are underway now to make arrangements for bus transportation of the high school band members to Washington for the parade and for providing a meal for them while they are there.

Weaver said he was told that national Citizens for Eisenhower officials are delighted that the Gettysburg High School Band has been assigned to their section of the parade.

Flames Threaten Home

Malibu Brush Fire Runs Wild After Burning 25,000 Acres

MALIBU, Calif. (AP)—The massive Malibu brush fire was running loose in two areas today after covering about 25,000 acres, and at one point threatening a 75-room Franciscan monastery and about 20 homes.

The number of homes and other structures already destroyed by the fierce three-day-old coastal blaze was placed at 68 by County Fire Chief Keith Klingner.

He said the figure might have been much higher except for last-ditch stands by fire fighters who warded off flames headed for a colony of expensive, movie stars' homes and a 34-unit motel on the Pacific Coast highway.

State Of Disaster
In Sacramento, Gov. Goodwin Knight declared a state of disaster in Los Angeles County at the request of the County Board of Supervisors.

This makes legally available all manpower and equipment of the state government to help fight the fires.

The main area of distress today was in the Malibu Township area, where a second fire was started by flying sparks from the original blaze last night. The first fire was burning on a semicircular front starting about 10 miles west of Santa Monica and extending north and west. The other blaze was down the coast about 2½ miles.

Monastery Emptied

Firemen reported that most of the occupants of the monastery, located in Malibu Canyon, were evacuated, along with other residents of the area.

Chemist Critically Hurt As Blast Rips Cyanamid Plant

NEW CASTLE, Pa. (AP)—An explosion ripped through a building of the dynamite-making American Cyanamid Co. plant in nearby Edinburg early today with a roar that was heard 20 miles away. There was no fire.

The blast leveled the ammonia building and caused damage to several other smaller buildings of the sprawling plant, built along a series of ravines. The ravines help shield sections of the plant from each other.

One chemist was critically injured. He is Orrin W. Calderwood, 57, of New Castle, who was in the ammonia building. Calderwood suffered multiple puncture wounds and bruises of the face and body. He was taken to James Memorial Hospital.

Five other employees in a nearby building also were taken to the hospital for checkups but released. One of them—William Pacheco of Edinburg—left the ammonia building only seconds before the ex-

F. Lee Browne, War Dept. Engineer, Dies

Frederick Lee Browne, an engineer with the War Department for a number of years and active military duty in World War II, died early today in a veterans' hospital in Portland, Ore., following an illness of some months.

Mr. Browne, who had formerly served as a War Department engineer in Honolulu, was the husband of the former Miss Helen Bigham, daughter of Mrs. S. G. Bigham of Biglerville and the late Mr. Bigham. Surviving in addition to his wife are his father, Brig. Gen. Frederick W. Browne, and a brother, William both of Chevy Chase, Md.

BARN LEVELLED IN \$8,100 BLAZE AT EMMITSBURG

Efforts of two runaway boys to find their way about in a barn in which they had planned to spend the night led to destruction of the barn at Clairvaux, the home of Mrs. Marie Glongier-Rial, at St. Anthony's, near Emmitsburg, Thursday night.

Fire Chief John Hollinger Jr., of Emmitsburg estimated damage at \$8,100 of which \$6,000 is assigned as the value of the barn and \$2,100 as the baled hay, straw and several hundred bushels of oats in the building.

Maryland State Trooper H. J. Brown, Thurmont, took two juveniles into custody near the scene of the fire. It was believed the boys, runaways, had crept into the barn planning to spend the night there and had accidentally ignited the structure when they used matches to find their way about in the structure. Maryland State Police said at noon they were conferring with juvenile authorities at Frederick concerning the two 13-year-old boys who police said had left a foster home in Thurmont.

Forty-three Emmitsburg firemen with three pieces of apparatus responded to the alarm. They were augmented by a fire truck and about 15 men from Rocky Ridge, Md.

Mrs. Glongier-Rial was absent from her home, across the Motters' Station Rd. from the old barn, visiting in North Linthicum with a daughter.

A motorist passing the barn saw the flames and halted at the next farm house to give the alarm.

The barn was rented by Donald Moser, St. Anthony's, who resides on a farm near Clairvaux.

Firemen Save Sheds
Firemen concentrated their efforts on saving two wagon sheds about ten feet from the blazing barn, plus a wagon shed and corn crib 30 feet from the fire.

Emmitsburg's portable pump was set up at a quarry nearby and the four fire trucks shuttled between the quarry and the barn to keep a constant flow of water from booster tanks playing on the threatened structures.

The fire alarm was given at 7:15 o'clock Thursday evening.

Educator Forecasts Eventual Change In Pa. School Administrative Setup

By BOB HOLTON
HARRISBURG (AP)—A prominent education official said today the General Assembly might reject a proposed reorganization of Pennsylvania's administrative school system at the coming session but predicted the change eventually would be adopted.

Dr. Clarence A. Ackley, deputy superintendent of public instruction, who aided in drawing up the proposed legislation, explained the plan at the 104th annual convention of the Pennsylvania State Education Assn.

The subject headed a docket of prime topics of interest to the state's more than 65,000 teachers.

To Elect Stover

The school administration plan, which calls for revamping of the present 67 county districts into not less than 37 administrative regions, is expected to come before the Legislature in some form during the 1957-58 session opening New Year's Day.

In other action today the teachers set an afternoon session to put the final endorsement on Kermit M. Stover, supervising principal of the Central Dauphin schools, for president of the PSEA.

Epley Garage Offered To Council For \$135,000 As Boro Building; Naugle Likes \$60,000 Ford Site

With four possible sites reported to be currently under consideration by the Property Committee of the Gettysburg Town Council, the borough fathers may be asked at their January meeting to make some decision about the purchase of a new location for borough offices and storage space for apparatus of the Gettysburg Fire Company.

The list of possible sites grew to four officially Tuesday, according to Property Committee Chairman George W. Naugle, when each member of council and fire company officers received a copy of an offer by C. W. Epley to sell his garage property on the southwest corner of Chambersburg and Washington Sts. for \$135,000.

While Naugle told a reporter for The Gettysburg Times Thursday afternoon that the choice of a site remains "wide open," he said he feels that "the Ford garage property at York and Liberty Sts. holds the answer to our problems for the next 40 years."

Judge Homes This Evening

The 51 entrants in the home decorating contest sponsored by WGOT were asked today by Parker C. Cunningham, station manager, to keep their home decorations illuminated this evening from 6 to 11 p.m. while the judges are making their final inspection tour.

Results of the judging will be announced by WGOT as soon as the three judges have completed their selection of the winners of the four cash prizes totaling \$100.

Winners will be selected on the basis of attractiveness and originality. "Operation Christmas at Home" was open to homes in all sections of Adams County. Sunday night was the deadline for entering the contest.

SR. EXTENSION LAYS PLANS FOR NEW YEAR'S EVE

Plans for a number of activities were outlined Thursday evening at a combined business meeting and Christmas party held by the Adams County Senior Extension Club at the Gettysburg High School.

A committee comprising Francis Lerew, Mildred Lerew, Marjorie Brough and William Lehman reported that decorating plans have been concluded for a New Year's Eve party Monday evening at 9 o'clock at the York Springs Community Hall. The general committee for the affair, Nadine Reinecker, Dorothy Slothower, George Noel and Eugene Reynolds, reported invitations for the party have been extended to Senior Extension Club members in neighboring counties.

Plans were outlined to make a number of visits to industrial plants and businesses of the county during coming months as part of a "Know Your County" program.

Farm Show Plans

Discussion showed sufficient members can be obtained to take part in the annual Talent Night program at the Pennsylvania Farm Show January 14 to 18. For the last several years the Adams County Senior Extension group has presented dances at the state Farm Show talent program. This year it is anticipated that the group will present the "Texas Star" dance.

The group voted again to present an exhibition of square and folk dancing at the annual ladies' night banquet of the Adams County Fire Chiefs Association in February.

Plans were outlined for a four-county Senior Extension bowling league including Adams, Franklin, Cumberland and York Counties.

Thursday night's program included a Christmas party arranged by a committee made up of Carroll Spence, Helen Rexroth and Shirley Kessel. Twenty-five cent gifts were exchanged.

ON WGOT SUNDAY
How "an honest effort to know God better has an immediate joyous effect on one's life" will be told by Charles H. Schwab, Chicago, on the Christian Science broadcast over WGOT Sunday morning at 8:15 o'clock.

In his letter to councilmen Mr. Epley points out his building measures 60 by 180 feet, fronts on Chambersburg St. with an entrance on it and two other public thoroughfares, S. Washington St. and an alley to the south. The building is of brick, terra cotta and concrete construction with steel reinforcement so that the large rear section could support a second floor. In the front of the building are six apartments which Epley points out could be adapted for office use.

With grease and wash bays, the owner points out the building is particularly adaptable for use as an engine house. "I believe the ground level floor could be made available for the use of the fire company immediately with little or no cost to the borough," Epley wrote.

Will Discuss Terms

In arriving at the sales price Mr. Epley said he "took into consideration the fact that the borough is not a profit making organization." He adds that the building recently was appraised for insurance purposes at \$180,000.

Epley adds that the purchase price need not be paid in full but payments could be "deferred over a period of years." Mr. Epley put a 90-day limit on his offer and wrote his willingness to discuss terms with Council or any of its committees.

Mr. Naugle pointed to the availability of show room and office space on the first floor of the Guise property and to the two second floor apartments at the Ford building. The parking lot to the west would be available for firemen answering alarms and offers space for enlargement in the future. He said a second story could be added to the rear of the rear section of the garage.

The question of more space for borough offices and fire equipment has been under discussion by borough officials and firemen for months. It has become more urgent with the recent purchase of an ambulance and the proposed purchase of another piece of fire fighting equipment.

Some time ago the fire company had an architect prepare plans for remodeling the present structure to make better use of what space is available and the cost estimate (Continued On Page 2)

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times
FIFTEEN YEARS AGO

Wake Island Is Captured: Washington, Dec. 24 (AP) — The Navy department made public today what may be the final chapter in the heroic defense of Wake Island, announcing that radio communication with the tiny far-Pacific outpost had been severed, that "the capture of the island is probable," but added that the Marine corps defenders accounted for two enemy destroyers in the final Japanese landing operations.

Miss Betty R. Swope Weds Lt. (j.g.) Murray B. Frazee: Miss Betty Reinecke Swope, daughter of Attorney and Mrs. J. Donald Swope, West Broadway, became the bride at 11 o'clock this morning of Lieutenant (j.g.) Murray B. Frazee, Jr., son of Mr. and Mrs. Murray B. Frazee, Sr., Baltimore street.

The wedding took place at the home of the bride's parents in the presence of members of the immediate families. Rev. Seth G. Morrow, pastor of the Gettysburg Presbyterian church, officiated. Mrs. S. P. Snyder played several piano selections preceding the wedding including: "Romance," by Rubinstein; "Calm As The Night," by Bohm, and "Ave Maria," by Schubert.

Mrs. Granville Shultz (formerly Miss Kathryn Gitt) and Donald McC. Swope, Esq., a brother of the bride, were the attendants. Miss Swope wore a green crepe dress with accessories to match and wore white orchids. Immediately after the wedding the couple left for an unknown destination where Lieutenant Frazee will report to the Commander of the U. S. Submarine Grayback for sea duty. Mrs. Frazee graduated from Gettysburg high school, attended Gettysburg college, Edgewood Park Junior College, Greenwich, Connecticut and Peabody Conservatory of Music, Baltimore, where she majored in voice.

Lieutenant Frazee graduated from Gettysburg high school and attended Gettysburg college for two years when he received an appointment to the United States Naval Academy from which he graduated in 1939. He was sports editor of The Gettysburgian, college paper. He was first assigned to duty aboard a destroyer and then ordered to the submarine school.

Japs Kill Civilians And Set Many Fires In Bombing Of "Open" City Of Manila: By R. P. Cornin, Jr., Manila, Dec. 27 (AP) — Japanese two-motored bombers blasted death and terror through Manila today in complete disregard of the city's newly-proclaimed status as an open and undefended community, killing many persons with direct hits on government buildings, a church, a fire station and a college.

Xmas Flowers Bring News From Hawaii: Flowers telegraphed to the home of Mr. and Mrs. Emory J. Clapsaddle, Gettysburg R. 2, on Christmas Eve were the first assurance the couple had received of the safety of their son, Earl, a third class yeoman aboard a U. S. destroyer, since his transfer not long ago into Hawaiian waters.

The telegram was sent to the Wayside Flower Shop by the 20-year-old sailor with his holiday wishes to his parents. The last previous word they had received from him placed him at Pearl Harbor. Clapsaddle, who enlisted in 1938, is a Gettysburg high school graduate and is in charge of the navigator's office, ship's library and education department on the ship to which he is assigned.

Henry T. Bream Is Named Aid Warden: Henry T. Bream, a member of the Adams county council of defense, has been assigned to direct air raid alarm preparations at the Gettysburg college and Gettysburg Lutheran Theological seminary. Set-ups at the two institutions will form units of their own and will make use of college and seminary men as wardens, it was stated.

Today's Talk

BOOKS AS A REFUGE
There are times when even our best friends are not comfortable with us, nor we with them. We want to be alone, yet we have a hunger that we wish could be appeased. It can be. There is no refuge like that furnished by one's best-loved books. Books will comfort when all other means have failed.

Many are the books that can give comfort and hope. I have scores of them in my library, and as I view them alongside each other I have wondered if there wasn't a means by which even they helped and comforted each other. I had a Washington friend who I was so steeped in books that members of Congress continually called upon him for knowledge. He loved Shakespeare and was preparing a book on this great writer when he died. He told me he never went to bed without reading something from this beloved author.

George Gissing's delightful book "The Private Papers of Henry Ryecroft" and "The Roadmender," by Michael Fairless, are two of my favorites that I dip into time and time again. A good book never grows old. Thoreau's first book, "On the Concord and Merrimack River," went begging, even though but a thousand copies had been printed. Today that book is highly sought in that edition, and collectors pay in excess of a hundred dollars for one of these first editions! It's the substance of the book, however, not its rarity, that attracts lovers of fine literature.

It isn't the cost of a book that gives it worth, but what the author has put into it of himself that makes it outstanding and a refuge to which anyone can turn when in need of a spiritual uplift! A book is but the shadow of its author. We cannot read that book without touching that shadow and being influenced — often inspired, and many times comforted.

What a refuge are great books!

Tomorrow Mr. Adams will talk on the subject: "Fear Not!"

PARADES

Parades, it seems, I have outgrown.
On curb, at window pane
To view the splendors that are shown
No longer I remain.
I do not care to join the throng
Or use my voice to cheer.
It wearies me to wait so long
For marchers, to appear.

The younger loved to laugh at me.
I don't like weather cold.
They'd say it's plain as plain
Can be
That I am getting old.
Time was I shared my city's fun.
But then my legs were stout.
But with such pleasures I have lone;
My strength has given out.

An office window next I tried,
Where all was snug and warm.
I viewed the passers-by with pride
And every uniform.
I loved the sound of drum and fife
And waved at all I knew.
But joys like that won't last for life;
As youth, they vanish, too.
I've known the thrill of marching feet
Of comrades gaily clad.
But I'm not eager to repeat
The many joys I've had.
And I am grateful for them all.
But since past me they're flown,
I find it pleasant to recall
The pleasures I have known.

BIG QUESTIONS WERE RAISED IN '56; NO ANSWERS

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — This was truly an extraordinary year: it not only raised some of the biggest unanswered questions since World War II but forced hundreds of millions of people to re-examine their thinking.

The questions howl for answers — answers which may change the history of mankind, for they cover most of the main areas of the earth: the West, Middle Europe, the Middle East and Asia.

The Russians lost more ground in world opinion in 1956 than in any year since the Bolshevik Revolution of 1917. The biggest of all the unanswered questions of the year is: What will the Russians do in 1957?

Kremlin Exposed
Their massacre of the revolting Hungarians compelled people everywhere — non-Communists and Communists with illusions — to recognize that the basic Russian foreign policy is old-style colonialism.

The Kremlin's new appearance of good fellowship was proved to be a cover for an essentially cannibalistic policy.

The revolts in Poland and Hungary showed the iron grip of Russia could be loosened, if not broken, and that the captive people, after 11 years of exposure and indoctrination, loathe communism.

Roots Of Disaster
These disasters for Russia had their roots in the relaxed policy which the Kremlin announced in February.

Now these questions arise: Will the Kremlin scrap that policy and revert to the iron rule of Stalin? Would anything it did now stop the breakup of its empire? What will the West do to help such a breakup? No answer to any of these is visible yet.

At the beginning of 1956 the Western alliance — particularly among the United States, Britain and France — was solid, based on a policy of staying armed to block Russian expansion.

Healing Ahead
Before year's end the alliance was shaken by the British-French attack on Egypt and the United States' reaction. This country not only disapproved but led the United Nations into pressuring Britain and France to withdraw from Egypt.

That break, creating distrust on both sides in the alliance, is not fully healed. It probably will be. The main enemy is still Russia. The Allies weaken themselves by splitting up. Britain and France can hardly turn to Russia.

"EYES OF LOVE"
Out of the shifting heavens . . . there is a lovely sight . . . that I behold each time I look . . . upon a starry night . . . a vision of sheer loveliness . . . and fashioned from the twinkling stars . . . that form the Milky Way . . . such sweet design, such treasured art . . . reverie lets me embrace . . . I can almost kiss the tender lips . . . on a dream that wears a face . . . understanding eyes look into mine . . . filling my heart with bliss . . . blessed am I with magic vision . . . oh the wonder of all this . . . though my imagination makes . . . this sight appear to me . . . somehow when gazing on the stars . . . her smiling face I see . . . so if you have thoughts of someone dear . . . look upon the stars above . . . and perhaps you too will find a face . . . seen only through eyes of love.

GATHER FACTS ABOUT MARS ON SUMMER VISIT

NEW YORK (AP)—Life on Mars is colored gray, or has just turned that way. And the planet perhaps is having a bad drought, an astronomer reported today.

These are findings from excellent peeks at Mars when it paid its closest visit this summer in 32 years.

Dark areas which presumably are plant life have long been seen on Mars. They have appeared in vivid greens and blues to observers during the height of the Martian spring.

This year they seemed to be an almost uniform gray in color tests said Carl Sagan of the Yerkes and McDonald observatories of the University of Chicago.

Tougher Plants There
Perhaps the greens and blues seen before were optical illusions, or perhaps a severe drought cut down the lavish color this year, Sagan said.

Gray could be important for Martian life, he added. Gray-colored plants would absorb more of the weaker sun rays reaching that more distant planet.

Sagan described observations made by Dr. G. P. Kuiper and others in a speech prepared for the American Assn. for the Advancement of Science.

It still seems that Mars has plant life, but it must be a tougher, more efficient form than that found on earth, Sagan said.

JOCK WHITNEY WILL PREPARE FOR NEW POST

By JOHN SCALI

WASHINGTON (AP) — Millionaire John Hay (Jock) Whitney has arranged a monthlong series of briefings before taking on his assignment as new American ambassador to Great Britain.

The 52-year-old sportsman-finance, who was named yesterday by President Eisenhower for the London post, will put aside his varied New York civic and business activities early next month to begin his training.

Friends said Whitney has already made it clear he intends to be a "working ambassador," dealing personally with major diplomatic chores instead of passing them to a big staff of career employees.

Asks Briefings

Whitney has asked for a round of unusually long and detailed State Department briefing sessions on the problems that have jarred British-American relations, especially since the Middle East crisis.

About mid-February he will leave for London, accompanied by his attractive wife, the former Betsey Cushing Roosevelt, ready to stay on as long as the White House wants him.

The selection of Whitney to replace Ambassador Winthrop W. Aldrich, which had been widely forecast, was formally announced by the White House late yesterday.

Needs Senate Okay

An exchange of letters showed that Eisenhower accepted with "the utmost reluctance" the resignation of the 71-year-old Aldrich. U. S. envoy at London for the last four years, Aldrich said that for personal reasons he is anxious to return to the United States. He is a former chairman of the Chase National Bank.

The Whitney appointment is subject to confirmation by the Senate.

Whitney's main initial task will be to help direct U. S. moves to bolster Britain's present shaky financial footing while at the same time seeking to rebuild the traditionally intimate British-American partnership that existed before the Suez blowup.

NORTHERN PA. ROUTE URGED

WASHINGTON (AP) — The "Save Route 6 Committee" once again has urged Washington officials to consider a super highway across Pennsylvania's northern tier counties rather than a route across the center of the state.

Yesterday's meeting was the second in recent months in which opponents of construction of a proposed Stroudsburg-Sharon superhighway met with federal officials. The group known as the "Save Route 6 Committee" urged the Bureau of Public Roads to adhere to original plans for building the interstate route in Pennsylvania's northern counties.

Harry G. Garvin, Bradford, chairman of the committee, told John A. Volpe, federal highways administrator, that northern tier counties provide not only a "scenic" route but, together with lower New York state, but provide more population and industry than would be served by a central cross state highway.

"The combined population of the northern area and southern New York," Garvin said, "is 1,829,400, showing an excess of more than a half million over the central area."

Pittsburgh Loses Money On Drivers

PITTSBURGH (AP) — Allegheny County commissioners have a financial hangover — they say they're losing money on drunken drivers. Each time a motorist here is arrested for possible drunken driving he's examined by a physician who charges \$10—whatever his verdict. The commissioners discovered they're paying out more to doctors than they're taking in on fines.

Notebook In Shirt Saved Officer's Life

PHILADELPHIA (AP) — A policeman returned to work this week after being hospitalized six months by a gunman's bullet and discovered how close he had really come to death.

Patrolman Elmer Wolf had his wrist shattered when he shielded a woman who was being pursued by an attacker on a downtown Philadelphia street last June. The man fired three times and another bullet wounded the woman.

Wolf was not released by police surgeons to return to work until this week. When he removed his gun, holster and other equipment from his locker at headquarters, Wolf found the third bullet.

It was imbedded in a notebook he had been carrying in his left shirt pocket over his heart.

Bullets Crushed By Unbeaten West Virginia Tech 115-78; Meet Upsala This Afternoon

(Special To The Times)
HEMPSTEAD, N. Y.—Gettysburg was literally "run off" the court by the undefeated West Virginia Tech Bears losing 115-78 Thursday night in the first round of the Hofstra Invitation Tourney at Hempstead, Long Island.

Using an all-court press effectively, the Bears tied a tourney mark for most points scored in a single game, previously held by host team, Hofstra. The Bears' total was the most ever scored against a West Virginia Tech team. Bob Davies' squad is now 2-6 for the season.

Ken Hammond, who entered the game with a 33.3 average per game, paced the West Virginia club to its 13th straight victory this season as he poured 35 points through the hoop on 12 of 23 shots and 11 of 13 fouls. Unfortunately for West Virginia Tech, Hammond was injured in a scramble under the basket late in the game but by that time the tournament favorites had sailed the game away as Hammond was ably assisted by Dick Brown with 16 counters, Mike Bell who hit for 14 points, and Dale Russell who tallied 10 points.

Never In Doubt
The game was never in doubt after the winners pushed ahead 28-11 at the start. Hammond scored 23 points in the first half as his teammates constantly stole the ball from the Gettysburg back-court men.

Gettysburg's Stan Traymore scored 12 points in the late stages of the half to keep Gettysburg in the game, finally ending with 16 tallies. Bob Walsack helped Traymore with 13 and Marty Miller added 12 points.

Gettysburg will play Upsala this afternoon at 2 o'clock in the consolation part of the tournament. In other games Thursday, Bucknell defeated Wagner, 83-65; Cortland State walloped Springfield, 81-62; and Hofstra edged 62-57.

A loss to Upsala will result in Gettysburg's elimination from the tourney.

NORTH CAROLINA LACES UTAH TO STAY UNBEATEN

By BEN OLAN
The Associated Press

The unbeaten North Carolina Tar Heels are playing like world beaters. But they're making Coach Frank McGuire look bad. It was McGuire who labeled Utah the "team to beat" in the Dixie basketball classic. Now if he can put upset-minded Duke in the same category, the Tar Heels probably will win the tournament in a breeze.

North Carolina crushed the Skyline Conference team 97-76 last night as Lennis Rosenbluth rang up 36 points. The Tar Heels ranked second nationally, will meet Duke tonight. The Blue Devils surprised fourth-rated West Virginia 73-67.

Wake Forest toppled DePaul 74-68 and North Carolina State beat Iowa 84-70.

In Kansas City, Colorado and Michigan State entered the semis of the Big Seven tournament with the Spartans trouncing Nebraska 79-65 and Colorado downing Missouri 64-55. The winners will clash tonight, Kansas faces Oklahoma in the other game.

Lafayette Wins

In the Richmond, Va., Invitational, Lafayette defeated William and Mary 85-72 to take over the favorite's role from Columbia, which lost to Washington and Lee 69-65. Tom Hancock, a sophomore, tallied eight points in the final three minutes as Penn State beat Richmond 64-60 and Penn defeated Davidson 83-79 in the other games.

Southern Methodist, the Southwest tourney favorite, looked the part in knocking off TCU 76-65 as Jim Krebs scored 36 points. Texas A&M edged Navy 76-75. Arkansas advanced by beating Texas 89-76 as did Rice by dropping Baylor 71-55.

Oklahoma City, the host team, handed Idaho State its first loss in nine starts 70-66 as the All-College tournament got under way. In other games, Seattle whipped Tulane 94-76, Marquette walloped Georgia Tech 102-78 and Memphis State beat Texas Tech 99-97.

Orange Bowl Results

The Orange Bowl competition saw Western Kentucky down LaSalle 89-76; Stanford defeated Valparaiso 68-51; Connecticut nipped Miami (Fla.) 74-70; and Pitt upset Seton Hall 76-66.

Minnesota and Canisius advanced to the finals of the Queen City tourney at Buffalo, N.Y. The Gophers eliminated defending champion Xavier of Ohio 83-76 and Canisius tripped Cornell 79-60.

In the Gator Bowl at Jacksonville, Georgia upset Clemson 84-76 and South Carolina beat Florida 77-71 in the semifinals.

FARRELL BEATS CHESTER 62-52

FARRELL, Pa. (AP)—Farrell High School's strong basketball team holds the championship of the Farrell Lions Club Invitational Basketball Tournament for the fifth consecutive year as the result of defeating Chester 62-52 last night.

After trailing most of the game New Castle rallied in the final period to defeat Duquesne 57-48 in the consolation contest.

Chester, touted as perhaps the strongest high school team in the eastern part of the state, gave Farrell the battle of its life until the final few minutes of the last quarter when the Mercer Cougars pulled away after a 48-48 tie.

Center Don Jones, who scored 24 points and was named the tournament's most valuable player, set a tournament record of 50 points in two games. The record of 44 points was established last year by Bob Mivky of Palmerton.

Gerry Foster led Chester with 17 points. Chester forged ties of 4-4 and 23-23 in the first half and went ahead briefly 26-25 before Farrell took a 29-26 first half lead.

Farrell was ahead 42-40 at the end of the third period.

New Castle, behind most of the way, exploded for 23 points in the last period to win. Ten of the last quarter points were tallied by Carl Singer who wound up with 23 for the night.

CLOSE CONTEST IN GATOR BOWL BEING FORECAST

JACKSONVILLE, Fla. (AP)—Pittsburgh and Georgia Tech are as far apart as the two poles on training methods for their Gator Bowl game Saturday, but the two coaches think they'll be close as cousins scorewise.

"I think the fans will see a real tight defensive ball game with very little scoring," Tech's Bobby Dodd said today. "Unless somebody gets some lucky breaks, I don't believe there'll be more than two touchdowns, if that many."

Coach Johnny Michelson of Pitt who put his Panthers through their defensive paces in a lengthy drill yesterday, agreed generally, adding, "I hope there is some scoring on our side."

The coaches have precedent for their prediction: Pitt and Tech tangled in the Sugar Bowl last Jan. 2 and the final score was Tech 7, Pitt 0.

Michelson isn't a disciple of the free-and-easy training program which has carried Dodd teams to seven Bowl victories without a loss, the last five in successive years. Pitt players were given four days off for Christmas, regrouped, came to Jacksonville Wednesday and put in a good 2½ hours on the practice field. Yesterday the Panthers were out for practice about two hours, with Michelson playing the part of Tech ball carriers to show his defense what to expect.

In contrast, Tech took 11 days off for Christmas, regrouped, flew to Jacksonville yesterday and worked out a little more than an hour.

Reading Excursions For Mummer's Parade

PHILADELPHIA (AP)—The Reading Co. will run special excursion trains from eight eastern Pennsylvania communities to Philadelphia for the city's annual Mummer's Parade on New Year's Day.

The railroad announced yesterday that the trains will stop at Pottsville, Schuylkill Haven, Auburn, Reading, Hamburg, Pottstown, Royersford and Phoenixville. The roundtrip fare will be about half the regular fare.

State Is Short On Fishing Licenses

HARRISBURG (AP)—Pennsylvania anglers may have to resort to makeshift fishing license in order to fish on opening day of the 1957 season Jan. 1, but the delay will only be temporary.

The State Revenue Department reported yesterday there is a temporary shortage of regular fishing licenses and buttons because of a paper shortage, a shortage of steel as a result of a last summer's steel strike and a delay in bidding for manufacture of the buttons.

However, the State Fish Commission, which is charged with responsibility for enforcing fish laws, said fishermen paying the \$2.50 fish license fee may use their receipt as a permit, pending obtaining a regular license.

A limited number of licenses and buttons are available from county treasurers. However, they represent only a fraction of the commonwealth's thousands of authorized agents for fish licenses.

Convicts May Get Later Model Suits

SANTA FE, N.M. (AP)—An effort to put discharged convicts in later styled suits is being considered by prison authorities. A spokesman explained, "When a convict is turned out he is given a new suit of 10-year vintage. You can spot a newly freed convict a block away in one of those new but ancient-modeled suits."

Lightweights To Fight At Miami

MIAMI, Fla. (AP)—Two unranked but aggressive lightweights, Paolo Rosi of the Bronx and Baby Vasquez of Mexico City, clash tonight in a nationally televised fight regarded by rival camps as a stepping stone to more lucrative matches.

Rosi, a hard hitter who is also effective as a counterpuncher, is an 8-5 favorite because he can land a good blow with either hand.

The New Yorker, who was born in Italy, has won three straight this year, from Sal DiGuardia, Joey Lopes and Henry (Toothpick) Brown, and has a record of 23 victories in 26 starts.

Vasquez, the Mexican lightweight champion, has won 45 and lost 12. He lost early this year to Carmela Costa but came back to stop Jimmy Soo in six rounds after Soo ran up a string of 33 straight victories. In his last bout Oct. 20 he beat Red Top Davis.

NBC will telecast at 10 p.m. EST.

COSTS WILL BE ABOUT SAME FOR NEW YEAR'S EVE

By THE ASSOCIATED PRESS

Much of America knocks off work for 1956 after today and gets a running start on a New Year's Eve celebration that promises to be second to none — funwise or otherwise.

Centers of revelry across the nation report growing reservation lists for the biggest night of the year.

Costs are about the same as last year.

\$30 In New York

New York's Embassy Club and the Knight Box, both in the Ambassador Hotel on Park Avenue, asked the same top price as last year—\$30 a person. Formal dress is a must.

The \$30 tab includes only dining and dancing. Drinks are extra, as are taxes, which is the rule generally.

Prices are from \$15 to \$25 at two of New York City's three big night clubs — the Latin Quarter and the Copacabana — and from \$15 to \$20 at the third, the Chateau Madrid. Formal dress is optional.

Around The Country
The Ambassador Hotel's Coconaut Grove in Los Angeles is not far behind New York's top prices at \$28.50 a person, but there is one big difference. All the drinks you want are included.

Ciro's in Hollywood asks \$22.50 a person for a steak dinner — no drinks.

In New Orleans, the Roosevelt Hotel's Blue Room is charging \$25 a person but is pitching in drinks before and after dinner, plus a small bottle of champagne.

The highest prices for drinks in the Louisiana city probably will be at Prime's 500 Club where Lily Christine, the so-called Cat Girl, is performing. Drinks there will be \$2.55 up.

The peak price in Detroit is \$30 a couple at the Wonder Bar night spot.

At Philadelphia an average evening at night club and hotel parties will run from \$12 to \$20 a person.

KEN ROSEWALL AND LEW HOAD WIN IN SINGLES

By WILL GRIMSLEY

ADELAIDE, Australia (AP)—Australia placed a resounding final stamp on its Davis Cup victory over the United States today when phlegmatic Ken Rosewall and blond blaster Lew Hoad won the final two singles matches for a perfect 5-0 triumph.

Rosewall had to go four bitter sets before subduing University of Texas junior Sam Giammalva 4-6, 6-1, 8-6, 7-5. Hoad polished off 33-year-old Vic Seixas 6-2, 7-5, 6-3 in a match that produced some brilliant tennis on both sides.

Now the United States must start all over again. This is the second year running the Aussies have shut out the Yanks. A check of the records also shows this is the fourth time the lads from Down Under have whitewashed the Americans.

Even In One Respect
On the other hand, the United States, which has been in 37 of the 45 Challenge Rounds that have been contested since 1900, also has blanketed the Aussies four times. In that respect, at least, they are even.

Probably the most popular player on the court was Giammalva, who captured the hearts of the capacity crowd of 18,000 at the War Memorial Drive courts.

Texas Sammy shows his emotions with every shot. He alternately exhibits glee and despair.

Best Of Career
Some experts thought Sam might have helped beat himself by playing strictly to Rosewall's forehand, the weakest link in Ken's armor.

Seixas played some of the best tennis of his career against Hoad, but there probably wasn't an amateur in the world who could have beaten Lew today.

It was Hoad's devastating forehand smashes that proved the undoing of Seixas. These shots are unpredictable, but when he can control them, they're practically untouchable.

JUNE TRIAL FOR MAP THIEVES

PITTSBURGH (AP)—U.S. Atty. Malcolm Anderson says four men indicted for conspiracy in the theft of valuable geological oil maps from Gulf Oil Corp. will not be brought to trial until next June "at the earliest."

The four were indicted by a federal grand jury yesterday. The indictment charges them with conspiring to transport stolen property in interstate commerce from Jan. 1, 1952 to last Dec. 18.

Those indicted are: Odie Richard Seagraves, 70, well-known Houston, Tex., oil and natural gas promoter.

Irving Milner, about 40, formerly of New York and now believed to be somewhere in Canada.

Emanuel Lester, also known as Emanuel Lieberman, 32, of New York. He is now serving a prison term for attempted extortion of the slain financier Serge Rubinstein.

Edward Lieberman, 30, of New York, brother of Lester and president of the U. S. Tackless Corp., a New York carpet firm.

HARRISBURG (AP) — Sen. Mahony (Crawford), newly returned to the Senate Republican floor leadership, said today study will be given to the possibility of earmarking the revenue from renewal of the soft drinks tax to payment of a bonus to Korean War veterans.

"I'm not taking any position on this idea," he told a newsman. "It's simply something that we'll have to study when the time comes."

The 1955-56 Legislature started a proposed constitutional amendment to sell 150 million dollars in bonds to finance the bonus. To it was tied a pledge that a tax program would be set up to pay for it.

The 1957 Legislature must also act favorably on the amendment before it reaches a vote of the people.

THEY'RE GOING TO STICK A NEEDLE IN ME

Yes, Sonny, we do it all the time!

Mommie holds you in her lap. And that nice, friendly doctor gets the needle ready. Then... OUCH! And there's one less disease for you to worry about.

If only it were that easy to protect you from some of the other diseases that infest the world... the plagues that eat away man's moral and spiritual fibre.

But religion can't be injected with a needle!

So it requires wise parents, and Christian homes, and worshipping families, and vigorous churches to get you ready for a noble, happy life.

Better take it up Sunday with your folks: ISN'T IT TIME FOR ALL OF US TO GO TO CHURCH?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday School Lesson

By H. R. and M. C. Gold

THE NEW HEAVEN AND EARTH

Revelation 21:1-8, 22-27

Key Verse: I heard a great voice from the throne saying, "Behold, the dwelling of God is with men. He will dwell with them, and they shall be his people, and God himself will be with them; he will wipe away every tear from their eyes, and death shall be no more. Revelation 21:3-4.

The closing lesson of the third quarter of 1956 was also based on passages from Revelation in which was shown a vision of the redeemed who stand before God's throne and praise Him. Their faith offers us a great invitation. This lesson which closes the last quarter has a different theme; it is a vision of the New Jerusalem — the New Heaven and Earth.

Revelation is a book which is difficult for us to understand because it contains many symbols and much imagery. It may seem strange and obscure to modern readers but to the Christians who were being persecuted by the Emperor Domitian it was perfectly clear. They were better acquainted with so-called "apocalyptic" literature which means "revelation" or "unveiling." This style of writing originated in the pre-Christian era and the Book of Daniel is an example of it in the Old Testament.

GAS, OIL, BLOOD VITAL FLUIDS OF AUTO AGE BEING SPILLED ON ROAD

By WILLIAM J. CONWAY
CHICAGO (AP)—Gas and oil and blood.

Those three vital fluids are associated with the operation of our automobiles these days.

They spilled on highways during the Christmas weekend, when 706 Americans were killed and an estimated 24,000 others were injured in thousands of traffic accidents.

The National Safety Council now predicts 490 fatalities during the New Year celebration. That would be a record for that holiday weekend. The Christmas total was an all-time high for any holiday period.

Seen Inevitable
To a newsman who has been counting the dead, in season, for 15 years, the most disturbing thing about it is this: The abiding feeling that bumper harvests of bodies are inevitable. The experts make the forecasts.

And, holiday after holiday, the victims fulfill them.

J. O. Musick, general manager of the Texas Safety Assn., made this comment on the holiday season's huge toll:

"If a man from outer space happened to pick up one of our newspapers Wednesday, he might conclude that the approved way of celebrating the coming of a new year in the United States is with sacrificial highway suicide."

43 Deaths In Texas
Texas had 43 motor vehicle fatalities during the Christmas period. It ranked third, behind Illinois with 56 and California with 73.

A veteran police officer, Bernard R. Caldwell, California's highway patrol commissioner, described his state's yuletide carnage as "the most useless, extravagant dissipation of life I've ever seen."

More Americans perished on the streets and roads during the Christmas holiday than in many major disasters, such as the San Francisco earthquake and fire, with 452 dead; the 1937 Ohio-Mississippi River floods, with 360; the Texas City explosions, with 512.

Speed Blamed
Why the heavy toll? Officials suggested many reasons, but the one cited most often was speed. The State Division of Traffic

EGYPTIANS AND SWEDES BEGIN WORK ON CANAL

PORT SAID, Egypt (AP)—Egyptian and Swedish salvage workers today began clearing the southern end of the clogged Suez Canal.

Sunken ships, damaged bridges and other debris have blocked the 103-mile canal for almost two months. British and French salvage men cleared a channel from Port Said to El Cap, a third of the way down the canal, but since the British-French withdrawal the only work toward reopening the waterway has been Egyptian clearance of some mines and continued operations by three British and French ships in Port Said harbor.

Clearing operations scheduled to begin yesterday were reportedly delayed after Egyptian authorities announced they had to clear mines first.

Uncertain About Egyptians

There was no indication whether the Egyptians had changed their position and were ready to permit more British and French salvage ships assembled in Port Said to move south into the canal. British and French crews remained with their vessels as volunteers under U.N. authorities after Britain and France pulled the last of their invasion forces from the canal zone last Saturday.

The U.N. is seeking to build up a fleet of about 30 ships to get the canal cleared and traffic moving again as quickly as possible. It now has 18 ready for work under a Danish-Dutch combination. Danish, Dutch, Swedish, Belgian and German vessels are included in the fleet.

Offer Prisoner Exchange

Israel, meanwhile, offered Egypt an unconditional exchange of all prisoners of war. The Israelis said they held 5,580 Egyptian prisoners which they are willing to exchange for the only four Israelis known to be held by the Egyptians.

Israel is known to be anxious to return her Egyptian prisoners because of the heavy cost of their upkeep.
